\*Note: A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. Each credit rating should be evaluated independently of any other credit rating.

\*\* Note: It is expected that delivery of the notes will be made against payment therefor on or about June 12, 2020, which is the third business day following the date hereof (such settlement cycle being referred to as "T+3"). Pursuant to Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to two business days before the date of delivery of the notes in this offering will be required, by virtue of the fact that the notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the notes who wish to trade the notes prior to two business days before the date of delivery of the notes in this offering should consult their own advisors.
