Report of Independent Registered Public Accounting Firm

The Participants and the Administrative Committee
Fidelity National Financial Group 401(k) Profit Sharing Plan
Jacksonville, Florida

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Fidelity National Financial Group 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes and schedules (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplementary Information

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2019 and schedule of reportable transactions for the year ended December 31, 2019, have been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the basic financial statements but includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Dixon Hughes Goodman LLP

We have served as the Plan's auditor since 2011.

**FIDELITY NATIONAL FINANCIAL GROUP
401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements
December 31, 2019 and 2018**

(1) Description of the Plan

The following description of the Fidelity National Financial Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of Fidelity National Financial, Inc. (FNF, the Company or we) and its Affiliated and Related Companies, who have attained age 18, have completed 90 days of service, and have elected to participate in the Plan. Affiliated Companies are defined as members of a controlled group of corporations or other entities that are under common control. Related Companies, while related, are not considered members of a controlled group of corporations or other entities that are under common control. Temporary, seasonal and part-time employees who have not completed at least 1,000 hours of service are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan and its related trust are intended to qualify as a profit-sharing plan and trust under section 401(a) and 501(a) of the Internal Revenue Code (IRC), with a cash or deferred arrangement within the meaning of section 401(k) of the IRC.

(b) Administration

During 2019 and 2018, the trustee of the Plan was Wells Fargo Bank, NA (Wells Fargo). Wells Fargo also performs participant recordkeeping and other administrative duties for the Plan. The Administrative Committee of the FNF Board of Directors oversees the Plan's operations.

(c) Plan Mergers

No participant loans were transferred into or out of the Plan in 2019 and 2018. There were transfers of net assets, excluding participant loans of \$763,443 into the Plan during 2018. The net assets transferred into the Plan during 2018 are related to the Company's acquisition of Skyslope, Inc.

(d) Contributions

During 2019 and 2018, participants could generally contribute up to 40% of their pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans, as well as direct rollovers from individual retirement accounts or annuities. Participants direct the investment of their contributions into various investment options offered by the Plan with the exception of three frozen stock funds described below. At December 31, 2019, the Plan offered seventeen common /collective trust funds, two corporate bond funds, four mutual funds, one common stock fund which invests solely in Company stock, three frozen common stock funds which invest in outside companies, and fourteen funds that are part of the Target My Retirement® investment program (see Note 2d for further discussion on the Target My Retirement® investment program) as investment options for participants. The Plan has an employer match on the 401(k) plan whereby the Company will match \$0.375 on each \$1.00 contributed up to the first 6% of eligible earnings contributed to the Plan. The employer match for the years ending December 31, 2019 and 2018 was \$30,370,322 and \$28,993,777, respectively. The employer match is allocated to participants based on their chosen asset allocation. At the option of the Company's board of directors discretionary contributions may also be made by the Company. No discretionary contributions were made by the Company during the Plan years ended December 31, 2019 and 2018. All Company contributions are participant directed. Contributions are subject to certain limitations established by the Internal Revenue Service.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution as applicable, and an allocation of plan earnings and charged with an allocation of plan losses, if any. Allocations are based on participant earnings or account balances, as defined. Additionally, each participant's account is charged with trustee/custodian fees, record keeping fees, and is updated to reflect benefit payments, when applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**FIDELITY NATIONAL FINANCIAL GROUP
401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements
December 31, 2019 and 2018**

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, is based on years of service as follows:

Number of years of service	Vested Percentage
Less than 1 year	—%
1 year	34%
2 years	67%
3 years or more	100%

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest rates range from 3.25% to 10.25% on loans outstanding as of December 31, 2019 and 2018. Principal and interest is paid ratably through payroll deductions.

(h) Payment of Benefits

Upon retirement, termination of service, disability, or the attainment of age 59 1/2, a participant may receive all or part of the value of the participant's vested interest in his or her account as a lump-sum distribution. Upon death of a participant, the balance of the participant's vested interest in his or her account will be distributed in a lump sum to the participant's beneficiary. Certain other withdrawals are allowed by the Plan under very limited circumstances as described in the plan document.

(i) Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$763,237 and \$729,762, respectively. Forfeitures may be allocated to current participants' accounts, or may be used to restore the accounts of former participants, pay administrative expenses of the Plan if not paid by the plan sponsor, or reduce future Company contributions. During the years ended December 31, 2019 and 2018, \$763,237 and \$799,895, respectively, of forfeitures were used by the Plan to reduce Company contributions.

(j) Administrative Expenses

Administrative expenses of the Plan that are not paid by the plan sponsor are paid by the Plan. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account. Refer to footnote 1(e) for further discussion of expenses charged to participant accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(b) Risk and Uncertainties

The Plan provides for various investment options in common/collective trust funds, corporate bond funds, mutual funds, and common stock. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

**FIDELITY NATIONAL FINANCIAL GROUP
401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements
December 31, 2019 and 2018**

(c) Concentration of Investments

Included in the Plan's net assets available for benefits at December 31, 2019 and 2018 are investments in the Company's common stock (6,503,327 shares) amounting to \$179,536,313, or approximately 8% of net assets, and (6,889,309 shares) amounting to \$132,679,381, or approximately 8% of net assets, respectively. As of December 31, 2019 and 2018, respectively, this investment consists of a common stock fund in Fidelity National Financial, Inc. (NYSE: FNF).

(d) Investment Valuation and Income Recognition

Except for the common/collective trust fund described below, the Plan's investments are stated at fair value. Shares of common/collective trust fund investments in index funds, mutual funds and corporate bond funds are valued at the net asset value of shares held by the Plan at year-end. Common stock is valued at quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

One of the investment options offered by the Plan, the Wells Fargo Stable Return Fund I (the "Stable Return Fund"), is a common/collective trust that is fully invested in Wells Fargo Stable Return Fund G, which is fully invested in contracts deemed to be fully benefit-responsive. The Plan reports its investment in the Stable Return Fund I at fair value using the net asset value of the units held by the fund at year-end as a practical expedient. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Stable Return Fund does not invest directly in fully benefit-responsive contracts, and therefore the Plan is not required to include in the financial statements the disclosure requirements for investments in fully benefit-responsive contracts or stable value funds. Redemptions from the Stable Return Fund are permitted at current net asset value following a 12-month notice period.

There were no changes in the valuation methodologies used at December 31, 2019 and 2018 compared to prior year.

Participants also have the option to invest in the Target My Retirement® investment program. This managed program is managed by Wells Fargo, using the funds otherwise available to participants who choose to make their own investment selections. As of December 31, 2019 and 2018, the Plan had \$1,382,831,314 and \$29,072,440, respectively, invested in this investment program.

See Note 3 for further discussion of the fair value of the Plan's investments.

(e) Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost plus accrued interest.

(f) Payment of Benefits

Benefits are recorded when paid.

(3) Fair Value Measurements

The fair value hierarchy established by the standard on fair value measurements includes three levels which are based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. In accordance with the standard on fair value, the Plan's financial assets and liabilities that are recorded on the Statements of Net Assets Available for Benefits are categorized based on the inputs to the valuation techniques as follows:

Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that we have the ability to access.

Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3. Financial assets and liabilities whose values are based on model inputs that are unobservable.

The following table presents our fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2019 and 2018, respectively:

**FIDELITY NATIONAL FINANCIAL GROUP
401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements
December 31, 2019 and 2018**

	December 31, 2019
	Level 1
Cash and cash equivalents	\$ 423,860
Corporate bond funds	75,131,833
Mutual funds	657,758,716
Common stock	97,886,401
Employer common stock	179,536,313
Total investments, at fair value	\$ 1,010,737,123
Common/collective trust funds measured at net asset value	1,138,931,559
Total investments	\$ 2,149,668,682
	December 31, 2018
	Level 1
Cash and cash equivalents	\$ 689,949
Corporate bond funds	146,777,750
Mutual funds	947,969,608
Common stock	69,017,401
Employer common stock	132,679,381
Total investments, at fair value	\$ 1,297,134,089
Common/collective trust funds measured at net asset value	437,286,425
Total investments	\$ 1,734,420,514

The Plan's level 1 fair value measures are provided by a third-party pricing service, which management believes to be reasonable. This pricing service is a leading global provider of financial market data, analytics and related services to financial institutions. See Note 2(d) for a description of the fair value measures used for each type of investment.

The Plan has no assets or liabilities measured at fair value which are categorized as level 2 or level 3.

The common/collective trust funds shown above are valued using the net asset value at year-end and are excluded from the fair value hierarchy in accordance with relevant accounting standards. The use of net asset value as fair value is deemed appropriate as the common/collective trust funds do not have finite lives, unfunded commitments relating to these type of investments, or significant restrictions on redemptions. Net asset value of the funds are calculated daily.

(4) Investments

As stated in Note 2(d), the Plan is invested in common/collective trust funds, the majority of which are managed by BlackRock Institutional Trust Company, N.A. and Wells Fargo Bank, N.A. During 2019, the Company completed a review of investment options available to the Plan and implemented changes to the available investment options. Several common/collective trust funds previously available to the Plan were discontinued and the balances in these funds were transferred to a target date BlackRock LifePath index fund based on participants' date of birth and an assumed retirement age of 65. Target date BlackRock LifePath index funds are collective investment trusts that invest in securities and other assets with the objective of providing for retirement outcomes consistent with investor preferences throughout the savings and drawdown phase based on quantitatively measured risk that investors, on average, may be willing to accept.

In addition to the target date funds, the following is a description of the larger common/collective trust fund balances within the Plan. The Wells Fargo Stable Return Fund is a common/collective trust fund with a primary investment strategy to preserve the principal and maintain adequate liquidity. The BlackRock Equity Index Fund J is an index fund with a primary investment strategy of approximating as closely as practicable the capitalization weighted total rate of return of that segment of the U.S. market for publicly traded equity securities represented by the larger capitalized companies. The BlackRock Russell 2000 Index Fund is an index fund with a primary investment strategy of approximating as closely as practicable the capitalization weighted total return of that segment of the U.S. market for publicly traded equity securities represented by the Russell 2000® Index. The BlackRock Mid-Capitalization Equity Index Fund M is an index fund with a primary investment strategy of approximating as

**FIDELITY NATIONAL FINANCIAL GROUP
401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements
December 31, 2019 and 2018**

closely as practicable the capitalization weighted total rate of return of that segment of the U.S. market for publicly traded equity securities represented by the medium capitalized companies.

In addition to these common collective trust funds, the Plan participants may also choose to invest in the Target My Retirement® investment program, see Note 2(d) for further discussion about Target My Retirement®.

Dividends on FNF common stock totaled \$4,962,490 and \$5,004,095 in 2019 and 2018, respectively.

(5) Nonparticipant-Directed Investments

At December 31, 2019 and 2018, the Plan held \$368,446 and \$272,792, respectively, in cash and cash equivalents that were nonparticipant-directed. In each case, the nonparticipant-directed amounts were allocated to plan participants subsequent to year-end.

Components of the changes in net assets relating to the nonparticipant-directed investments are as follows:

	2019	2018
Beginning balance	\$ 272,792	\$ 216,970
Interest	3,343	2,008
Dividends	301,094	299,258
Administrative expenses	(208,783)	(245,444)
Ending balance	<u>\$ 368,446</u>	<u>\$ 272,792</u>

(6) Transactions with Parties-in-Interest

Certain plan investments are shares of common collective trust funds managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. As described in Notes 2(c) and 4, Plan investments also include shares of the common stock of the Company.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions as applicable.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 4, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan was amended July 20, 2015 and is no longer intended to qualify as a stock bonus plan satisfying the requirements of an employee stock ownership plan within the meaning of section 4975(e)(7) of the IRC. The plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

It is the Plan's policy to recognize the impact of uncertain tax positions in its financial statements if, upon ultimate settlement, that position is more likely than not to be sustained. No such uncertain tax positions have been recognized by the Plan.

(9) Subsequent Events

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has negatively impacted economies and financial markets and caused significant volatility in the domestic and international investment markets since December 31, 2019, resulting in an overall market decline. The resulting impact of market disruption has led to a substantial decline in Plan investments, and as such, in participants' account balances. While the disruption to financial markets is currently expected to be temporary, there is considerable uncertainty around the duration. The extent to which COVID-19 impacts the financial markets will depend on future developments and the ultimate financial impact cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. The Plan adopted CARES Act provisions effective April 8, 2020. These provisions permit eligible Plan participants penalty-free distributions of up to \$100,000 for qualifying participants. In addition, loan limits were increased to \$100,000 with an option to defer loan payments for one year.
